ARTWORK SUBMISSION FOR CUSTOM MATCHSTICK GARDENS:

Please send artwork with a confirmation of colour specifications—how many colours it will be printing—any pms colours used and so on.

Please send CMYK artwork in one of these three formats:

- Pdfx-1A Document, Fonts embedded or converted to outlines, CMYK colour formatting with any spot colours or rgb converted to process. Please include crop and bleed marks (made sure to allow for bleeds) and make sure it is formatted as pdfx-1A.

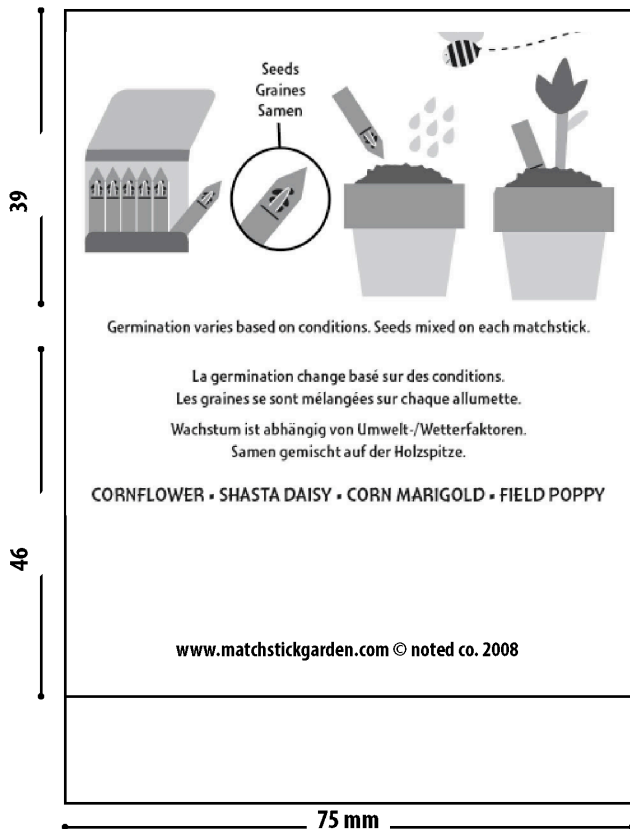

- Illustrator .eps Document, Fonts converted to outlines, CMYK formatted. Please allow for bleeds. Please include any placed artwork, or embed images in the file.

- Indesign Document, with all fonts converted to outlines or collected for output and sent along with the original document, plus all graphic links. Please ensure that all raster graphics are at least 300 dpi and not used above 120%. Bitmap images should be 1200 dpi, used at 100%. Please allow for bleeds, and make sure that all placed artwork and text are CMYK format.

If you are intending to submit a file in a different format, or if you will be using special PMS spot colours, please contact us in advance for more detailed information on a case by case basis.
